The Honorable Leon Panetta  
Director  
Central Intelligence Agency  
Washington, DC 20505

Dear Director Panetta:

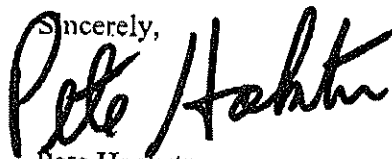

I was greatly concerned at allegations made by Speaker Pelosi that intelligence professionals from the CIA "misled" her and potentially other Members of Congress in the 40 briefings on Enhanced Interrogation Techniques described in the list you recently provided. Accordingly, I am writing to follow up on my letter of May 8, 2009 to request copies of additional records that may further clarify the matter, as well as the performance of the CIA employees whose conduct has been questioned.

In addition to the Memoranda for the Record that I reviewed last week at CIA Headquarters, I believe that the record would also be clarified by any documents or records that were used to prepare for such briefings by CIA or intelligence community personnel or that refer or relate to such briefings. Accordingly, I would like to formally request copies of any such documents or materials that may be in the possession of the CIA, including copies of relevant email messages.

Our review of materials already in the possession of the Committee suggests that the volume of additional responsive materials may not be extensive; if this is the case such production should not be burdensome and could be completed relatively quickly.

Once again, thank you for your assistance in this matter.

Sincerely,

Pete Hoekstra  
Ranking Republican
